SITUATION SUMMARY

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

CAL OES COASTAL REGION

San Francisco EOC Activation – Planned Event

- SF DEM has an activation schedule in place for the World Series playoff games for Friday & Saturday in San Francisco
- SF DEM will activate their EOC on Friday, October 24th, at a Level A with their DES staff only. SF DEM will activate their EOC on Saturday, October 25th at a Level B with DES staff and first responders.

Boil Water Notice, San Jose, Santa Clara County (New/Final)

- Samples taken have shown that approximately 300 connections in the extreme northeast part of San Jose have tested positive for the presence of E. coli and Total Coliform bacteria. The California State Warning Center contacted the Coastal Duty Officer and the Drinking Water Program Duty Officer for further information.
- The Coastal Duty Officer made positive contact with the Public Information Officer for the San Jose Water Company who stated that the bacteria may have been introduced during a pipeline replacement project. The bacteria remains isolated to customers on Sydney Drive and Sydney Court, however, the boil water notice has been extended to customers on Lisbon Drive, Lisbon Court, Madrid Drive, Madrid Court, Rowley Drive; which includes Milpitas Christian School.
- Service is still available at all locations and can be used for regular household chores such as showering and washing clothes.
- All affected customers have been provided bottle water and a 24 hour water distribution location has been established at Fire Station 19 on 3292 Sierra Road.
- San Jose Water Company is coordinating the removal of the bacteria with the State Drinking Water Program. An aggressive method of cleaning the inside of the pipe will be conducted today, October 23. There are no requests for State assistance and no unmet needs.

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Eureka Weather:

An approaching cold front will slide across from the northwest to the southeast tonight. This will bring rain to northwest California and strong gusty mountain winds to the coastal ranges of Del Norte and northern Humboldt counties. A steady stream of moisture will follow into the weekend.

San Francisco Weather:

The weak tail end of an approaching Pacific weather system will likely bring some light rainfall to the northernmost portions of the Bay today, otherwise mild conditions are expected. Friday looks to be mostly sunny and mild, but then a somewhat wetter system will move in on Saturday and spread the chances of rain. After a few residual showers on Sunday, dry conditions and seasonal temperatures are projected into the first part of next week.

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY

Sacramento Weather:

A slow moving weather system will bring inconsistent wet/dry/wet weather to end the work week into the weekend. Thursday will see the first wave impact mainly the coastal range and northern Sacramento valley. Dry and a rebound in temperatures will occur Friday. Saturday through Sunday will see widespread precipitation with breezy winds and isolated thunderstorms Saturday. Saturday night will bring some high elevation snow to northern Sierra, and lingering showers Sunday. Next week will continue below average with periods of precipitation in the north.

Hanford Weather:

Weak high pressure aloft is will produce mostly clear skies and a slight warming trend today. Another system will bring increased clouds along with a cooling trend and increased winds over the higher elevations by the weekend. High pressure will build inland by the middle of next week bringing a return to warmer temperatures.

WEATHER

WEATHER SYNOPSIS BY REGION:

SOUTHERN CALIFORNIA:

Los Angeles Weather:

High pressure aloft and weak offshore flow will keep temperatures above normal through Friday. On Saturday, low pressure will move across the West Coast bringing cooler temperatures with a slight chance of showers to the Central Coast. The cool conditions will continue on Sunday and Monday. However by Tuesday and Wednesday high pressure will develop yet again bringing warmer temperatures and the possibility of some offshore breezes.

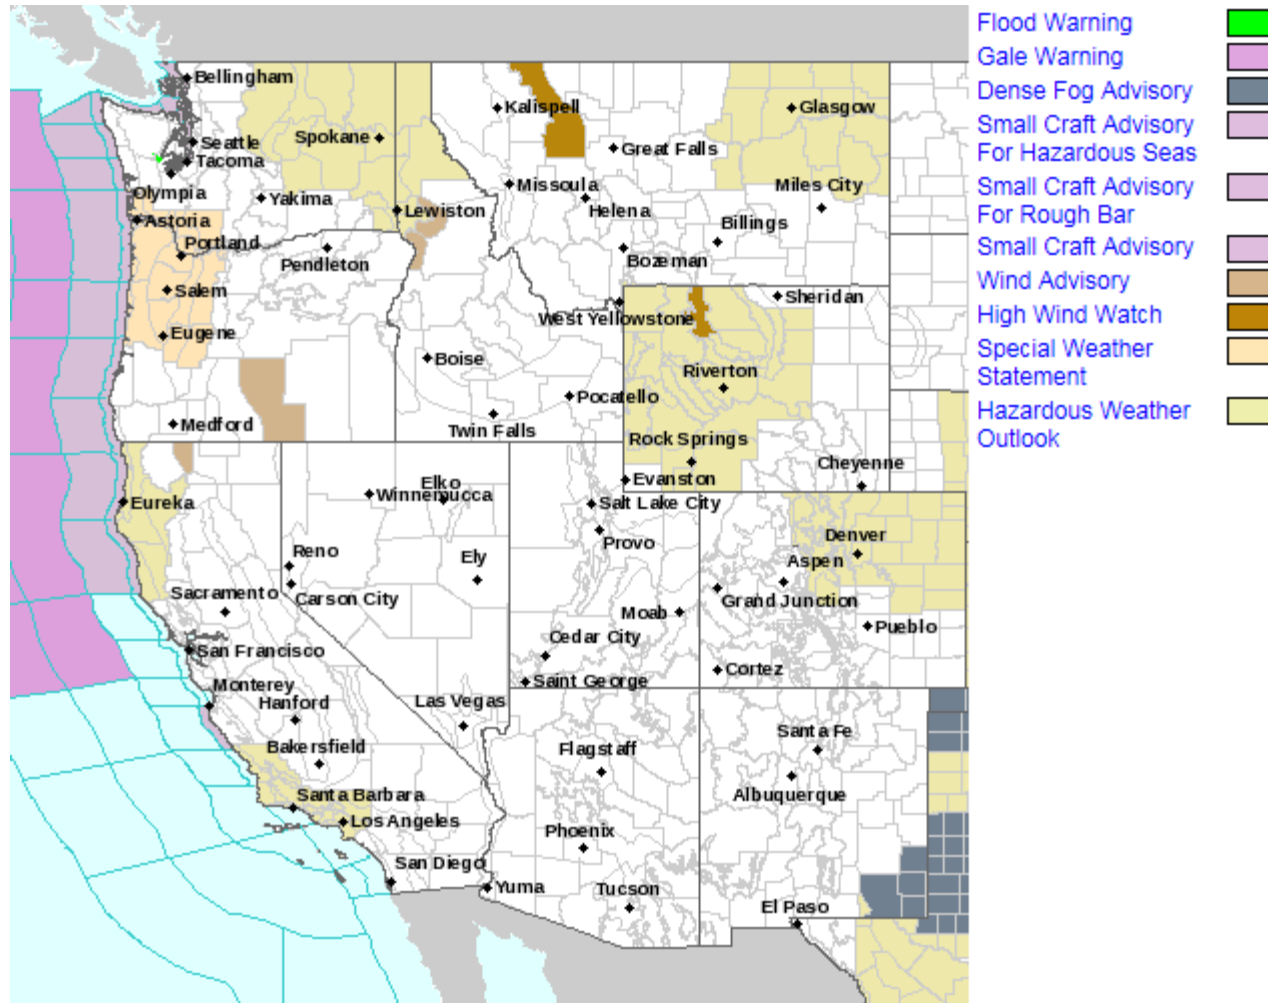

Extreme Southwestern California Including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

High pressure will bring warm weather and a very shallow marine layer today and Friday. Any night and morning fog will be patchy and limited to the coast, but possibly dense. Over the weekend a trough of low pressure moving inland over Northern California will bring cooler weather and a much deeper marine layer. Patchy drizzle is possible west of the mountains Sunday morning. The trough will be followed by warmer weather and less extensive low clouds Monday and Tuesday.

Southeast California Weather:

A gradual warming trend is expected to continue through the remainder of this week as strong high pressure strengthens. A cooling trend is expected to take place from Sunday onward into early next week as low pressure moves inland into the Great Basin with temperatures falling back to near seasonal normals.

RECOVERY ACTIVITIES

Boles Incident Vegetation Fire- City of Weed, Siskiyou County

Recovery Activities

- On 10/01/14, the U.S. Small Business Administration (SBA) approved a disaster declaration making SBA assistance available in the primary County of Siskiyou and the contiguous counties of Del Norte, Humboldt, Modoc, Shasta, and Trinity, making low-interest federal disaster loans available to homeowners, renters, businesses of all sizes and private nonprofit organizations whose property was damaged or destroyed by the Boles Fire. The filing deadline to return applications for property damage is 12/01/14. The deadline to return economic injury applications is 07/01/15. In addition, a Disaster Loan Outreach Center opened Wednesday, 10/01/14, at 1200 hours, located at the College of the Siskiyou's Life Science Building 3, Room LS-1, 800 College Avenue, Weed, California 96094, Mondays – Fridays, 0900 – 1800 hours.
- On 10/06/14, the Governor issued Executive Order (EO) B-27-14, which provides CDAA, and debris removal assistance, including the suspension of rules and regulations impacting debris removal. The EO also provides the ability for nonprofit organizations to seek reimbursement for extraordinary activities through the State Private Nonprofit Organizations Assistance Program.
- Non-food items have transitioned from the Salvation Army to a collaboration of four non-profit agencies involved in the distribution of items such as baby clothes, diapers, clothing, etc.
- The Cal OES VAL continues to coordinate and participate in Long Term Recovery Group (LTRG) meetings with NGO, Faith Based, and local agencies. Shasta Community Foundation was identified as a fiscal agent for the group. Individuals needing assistance should be directed to the Family & Community Resource Center of Weed located at 260 Main Street, Weed. Funding organizations will assist with unmet needs through the case management process. The VAL will continue to provide guidance to the LTRG group.
- The College of the Siskiyou's website contains a Fire Resource List of various local agencies offering goods and services. The document can be found at <http://www.siskiyous.edu/humanresources/documents/fireresourcelist.pdf>. Additional information on recovery efforts can be found at <https://weed.recovers.org/>.
- Food donations are being accepted at 310 Boles Street.
- Due to the high levels of asbestos found in the destroyed library, the Siskiyou County Health Officer, US/EPA, and CalRecycle recommend the temporary relocation of families living in the undamaged homes directly adjacent to the library. However, the City is temporarily sheltering (less than 30 days) one family displaced by the debris removal activities at the library location.
- US EPA completed removal of asbestos from the library.
- The Applicants Briefings for the Boles Fire FMAG and the CDAA 2014-4 Siskiyou County Wildfires is today 10/22/14, beginning at 0900 hours at the College of the Siskiyous, 800 College Avenue, Building 3 Room 3 in Weed.

RECOVERY ACTIVITIES

Boles Incident Vegetation Fire- City of Weed, Siskiyou County

Cal Recycle reports:

Air monitoring activities continue in the work area and surrounding community.

12,912.32 total tons of debris have been removed as of day 18 of operations (205.09 tons of metal delivered for recycling; 4589.60 tons of concrete delivered for recycling; and 8,117.63 tons of debris, ash and soil delivered for disposal)

The Numbers as of Day 18

- 132 Sites registered for the removal project (Right-of-Entry, includes library, community center and 2 churches).
- 10 Sites denied entry.
- 131 Sites documented.
- 129 Asbestos surveys completed.
- 60 Sites with asbestos containing material.
- 51 Sites cleared of asbestos containing material.
- 77 Debris removal completed.
- 23 Sites sampled.
- 0 Sample results approved.
- 0 Erosion control completed.
- 0 Approved by City of Weed as ready for a building permit.

Cal OES Deployments

- Four (4) Cal OES Recovery staff are assigned.

RECOVERY ACTIVITIES

Magnitude 6.0 Earthquake, American Canyon, Napa County

Recovery Activities

- Based on a request for additional IA information for the major disaster declaration request, IA teams conducted PDAs 09/08/14 through 09/12/14 in Napa County, the City of Vallejo, and Solano County IA PDA teams conducted additional PDAs 09/17/14 through 09/19/14 finalizing PDAs in Napa County. The Presidential Declaration request letter along with supplement information was forwarded to FEMA for consideration.
- The deadline for Cal OES to submit the Request for Public Assistance of potential applicants to be considered for reimbursement for this event is this Friday, 10/24/14. To date, fifty-seven (57) RPAs have been received. Twenty-four (24) Kickoff Meetings have been completed and eight (8) additional Kickoff Meetings are scheduled.
- The Napa Long Term Recovery Committee (LTRC) is in the process of forming its leadership, establishing policies and procedures, and identifying a Mission statement. A follow up meeting is pending.
- Cal OES IA Voluntary Agency Liaison (VAL) continues NGO coordination in Solano County. Due to the absence of local faith based and other organizations that may have resources, Solano VOAD will reach out to expand the engagement of additional nonprofit and faith based partners. Once the organizations are identified, a follow up meeting will be held in hopes of identifying key leaders interested in forming an LTR committee.
- Local Assistance Center (LAC): County and City of Napa: LAC opened on 09/08/14 at 301 1st Street, Napa (corner of 1st Street and Silverado Trail). The LAC is open until further notice.
- A joint area field office located at the McKinley Building, 180 California Drive, Veterans Home of California, Yountville, 94599 opened 10/03/2014.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

- The SOC is activated at Level 2 in support of the Drought State of Emergency Monday through Friday, from 0800-1700 hours.
- The Inland REOC is activated at Level 2 Monday through Friday, from 0800-1700 hours, or as needed.
- The Coastal REOC is activated at Level 2 Monday through Friday, from 0800-1700 hours, or as needed.
- The Southern REOC is activated at Level 1 Monday through Friday, from 0800-1700 hours, or as needed.
- The Santa Barbara County OA EOC is activated at Level 2 to be handled by the duty officer for the purpose of monitoring activities and gaining situational awareness. The operational period is Monday through Friday, from 0800-1700 hours.
- The Governor issued an Executive Order on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought. Specifically, through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Recovery will be participating at the Southern Region MARAC meeting in Temecula on 10/23/14, to discuss Governor's EO on the drought.

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
